

IOSH FIRE SAFETY FOR MANAGERS TRAINING

Aegis Services Limited is licensed by the Institution of Occupational Safety and Health (IOSH) to provide the Fire Safety for Managers course and has an experienced team of consultants who are qualified and approved to deliver it.

Fire Safety for Managers is a one day course which gives managers and supervisors the knowledge and tools to reduce fire risk in the workplace and enhance a company's reputation with a respected and internationally recognised qualification.

Who the course is for

- Anyone responsible for fire safety or employed in a management or supervisory role who requires an awareness of fire safety.

Why it works

- Designed for managers and supervisors in any sector and in any organisation worldwide
- Provides the knowledge and tools required to tackle fire safety issues
- Flexible delivery options to suit your business - the course only takes one day to complete
- Efficient and effective learning about fire safety all in a single programme

What to expect

- Memorable, thought-provoking facts and case studies from across the globe
- Modules backed by clear examples and recognisable scenarios
- Summaries to reinforce key points

- Checklists and other materials that can be taken into the workplace to manage and improve fire safety issues
- Practical exercises based on the operations of a real business
- Successful delegates are awarded an IOSH Fire Safety for Managers certificate

Main Business Benefits

Fire Safety for Managers will help your organisation:

- Minimise fire risk in the workplace
- Improve your fire safety culture
- Promote employee involvement to improve the workplace
- Achieve an internationally recognised and respected qualification for managers and supervisors
- Enhance its reputation within the supply chain

Main Delegate Benefits

By attending this course, you'll be able to:

- Integrate fire safety as part of day-to-day health and safety management
- Understand your responsibilities for fire prevention
- Assess fire risks
- Measure your own performance
- Adopt fire safety good practice

IOSH FIRE SAFETY FOR MANAGERS TRAINING

Course Fees

Our fees for the course are fully inclusive of all course materials and IOSH registration/certification fees and can be agreed based on the number of delegates and course format.

Why Choose Aegis?

- Aegis was established in 1995 and has a reputation for the highest standards of quality, service and value.
- Modern training facilities in an accessible location with ample parking.
- Courses can be provided at customer's own premises or any suitable venue.
- We guarantee a 100% pass rate. In the unlikely event of a failure, we offer free re-sits until a pass is achieved.
- Our course content can be tailored to meet each customer's exact requirements. Customer's own safety management systems and procedures can be incorporated if required.
- All our trainers have practical experience of 'hands-on' safety management, including fire safety, enforcement and the insurance industry. In addition to training experience, all are practicing consultants with an extensive client portfolio.
